

Key Facts:

A Steadman & Son (usually known as Steadmans) are one of the leading manufacturers of roofing and cladding, supplying high quality cladding materials from their sites in England, Scotland and Northern Ireland. They offer total cladding solutions, which they deliver with their dedicated haulage fleet.

Coverage:

Steadmans is a family business that through continuous investment and ongoing product development has gained a reputation for quality products and reliable service, supplying the UK construction industry nationwide.

Installation & Training:

Only Latchways trained personnel are permitted to install the Constant Force post and ManSafe componentry. Following installation, Latchways will arrange for the system to be tested, certified and tagged prior to use.

Familiarisation training for the building owner is available, as is an annual inspection programme, thus

ensuring that the system is correctly maintained and complies with appropriate safety standards.

For details of approved installers, ongoing advice and support services contact Latchways on +44 (0) 1380 732700.

Technical Considerations:

Steadmans AS35 Insulated PIR Roof and Wall panels are manufactured in a process certified to ISO 9001:2000. The AS35 panels are LPCB approved and they have a predicted service life of 40 years. The PIR thermally efficient insulation core is CFC and HCFC free with zero ozone depletion potential. AS35 panels offer continuity of insulation and reliability against air leakage. They can be fitted quickly to roof slopes of 4° or more and are available in a wide range of external colours and coatings.

Specification details for Steadmans Composite Roofing Systems:

AS35/1000 PIR Insulated Panel

Cover width	End anchor post set*	Intermediate post set	90° Corner post set	Variable corner post set	End anchor post set**	Pendulum post set
333	82001-00	82002-00	82003-00	82004-00	82005-00	82006-00

Cable order code: 00900-00 Transfastener order code: 85085-00

*Standard end anchor post set with tension adjustment on one end. **For extra long spanning lengths use end anchor post set with tension adjustment on both ends.

Profiles & widths:

Insulation core	Overall panel thickness	Pitch	Panel name
40	75	 333	AS35/1000 PIR
60	95	 333	AS35/1000 PIR
80	105	 333	AS35/1000 PIR
100	115	 333	AS35/1000 PIR

The standard colour of the post is Goosewing Grey (BS 10-A-05). Other colours are available to order at additional cost subject to availability and lead time. Contact Latchways technical department for further information.

† Latchways reference to pitch is defined as the width of the fixing points for the Latchways base plate.
